*A customer can buy many concession items (or none) but a concession item will be given only to the customer who bought it (or to no one if no one bought it)*

*A customer can buy many tickets (and they will have to buy at least one to be considered a customer) but a ticket can only be assigned to one customer*

*A movie can have multiple tickets bought to attend it (or no tickets were sold for said movie) but a ticket can only allow admission to one movie*
